

Business Intelligence

Winning with Analytics!

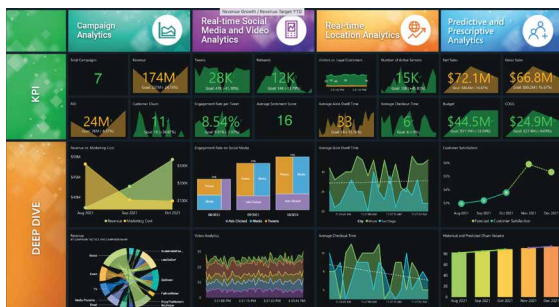

Custom Workshop and Pilot Investment Opportunity

Data and Analytics are the lifeline of today's modern enterprise

Transform siloed enterprise data into actionable insights with **Microsoft Analytics**. Simplify data collection and analysis leveraging popular **Azure** services and share valuable insights across your organization.

Xoriant and **Microsoft** make 'business at your fingertips' a reality with secure, easy-to-understand, manageable analytics and dashboards.

Analytics for Retail

Analytics for Manufacturing

Analytics for Healthcare

Analytics for Financial Services

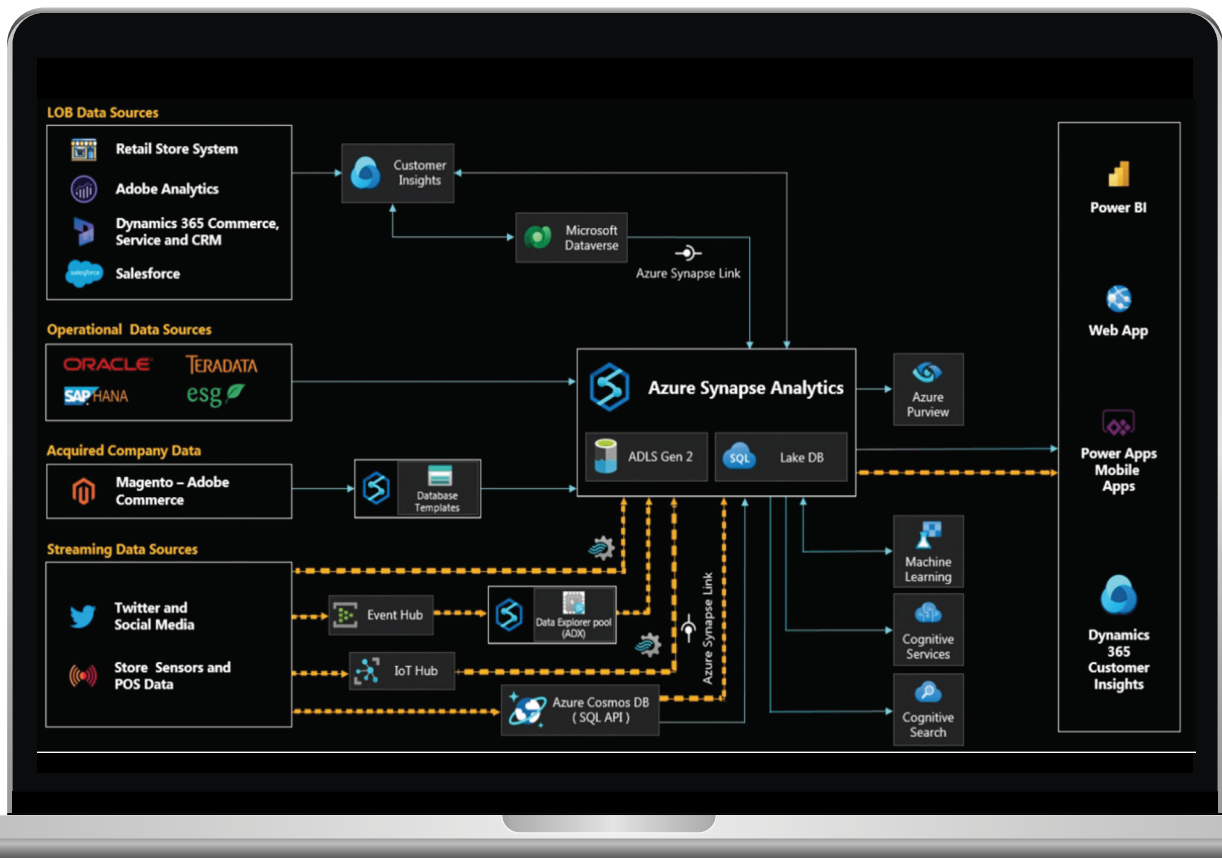

- 1 **Free Ideation Session** to understand what is possible within your industry, and to qualify for Step-2
- 2 **No-Cost Discovery Workshop** tuned to your specific business needs
- 3 **Additional investment for Production Pilot** may be available after a successful Discovery Workshop
