Imagination Realized

Supercharge Your Data Strategy with Snowflake

Power decisions with nuanced insights

Xoriant's dedicated snowflake platform solutions designed for cloud data brilliance

In today's dynamic business landscape, organizations are on a relentless quest for smart, agile and cost-effective strategies to scale their infrastructure. Their goal is to leverage the full potential of advanced analytics, machine learning, and modern capabilities in the cloud.

As a distinguished Snowflake Select partner, we offer an array of competencies spanning the vast landscape of Snowflake Data Cloud, data engineering, AI/ML, Data Lake, and more. As a partner, we are well-positioned to redefine possibilities, supercharge your people, processes, and technology with custom Snowflake solutions.

Xoriant's Snowflake offerings to meet your business objectives and maximize ROI on cloud data

Cloud Migration

- Migration of complex data platform (Data Lakes, Data Warehouse, Data Mart)
- Query & Syntax compatibility and conversion
- Data type compatibility
- Data processing logic re-engineering
- Improvisation of performance and maintenance of custom calculations

Design & Build

- Modern data architecture & data platform design
- Near real-time data processing
- Complex data integrations
- Auto-scaling and multi clustering computations
- Cloning and secured data sharing

Performance Tuning

▸ Cost optimization computation

▸ Complex queries and data pipelines tuning

▸ Storage optimization

▸ Schedules & batch optimization

Data Engineering

▸ Architectural Proficiency

▸ Optimized Query Execution

▸ Comprehensive Security Implementation

▸ Effective Data Governance

Gen AI – Data Cloud

▸ Integration with Machine Learning Tools

▸ AI Functions and Extensions

▸ Data Collaboration for AI

▸ AI Model Deployment

Key Value Differentiators

Deep Domain Expertise

Engineering Excellence

Collaborative Approach

Continuous Innovation

Customer-centric Models

Comprehensive Service Portfolio

Business Benefits Snowflake Customers Achieved with Xoriant

Xoriant empowered seamless data migration and reporting for a prominent player in the retail industry

▸ Accomplished greater scalability minus the high infrastructure costs

▸ Improved data response processing time by over 10%

Impeccable Migration for a Cloud-based Marketing Analytics Firm to modernize their data infrastructure

▸ Delivered 50% faster migration and test coverage

▸ Improved delivery efficiency by 60% using test automation
